HACKATHON RULES – PLEASE READ CAREFULLY!

Thank you for being a contestant in the **EnVision x BALC Hackathon**! To ensure an even and competitive experience, please refer to the rules below regarding the structure and deliverables required.

- ✓ 🧠 **ChatGPT & AI Tools**
  - ✅ Allowed **only** for research and assistance.
  - ❌ **Do NOT** use AI to **generate visualizations**.

- ✓ 👥 **Teamwork Only**
  - Do NOT receive help from **someone outside** of your official team (the members you included in the registration form).

- ✓ ⏰ **Submit On Time**
  - Late submissions are **NOT** accepted.
  - **No extensions** will be granted.

- ✓ Ask Questions!
  - Leverage the WhatsApp group chat for all questions or concerns during the competition.

🗓️ HACKATHON STRUCTURE – WHAT TO EXPECT

⏱️ Friday 4:15PM – Saturday 4:15PM: The Grand Prix Begins

- We will be releasing the problem statement and dataset on March 27th at 4:15pm
- You will have 24 hours to manipulate, clean, and visualize your data as per the case study.
- Submit your final **packaged** project to the **Devpost** link by **Saturday, March 28th @ 4:15pm!**

👀 Saturday 4:15PM – 6:30PM: Showcase

- Each team will present their deliverables in front of two professor judges.
- **Top 5 teams** will be selected by the end of presentations on Saturday.
- *Finalist teams: Please keep track of reminders regarding Sunday presentations!*

🎤 Sunday: Presentations: 11:00AM – 1:30PM

- Each of the finalist teams will present in front of our three professional judges, but you'll be **sequestered** – no watching other groups present!
- The judges will be asking questions based on your presentations. Have all basis covered and **be prepared**.
- At the end of the presentations, the judges will **select the placing teams**.
